

INSTALLATION & CARE

- > LUXCLEAR Protect must be glazed with the coated surface to the area exposed to water, heat and high humidity.
- > LUXCLEAR Protect must be cleaned in accordance with the GANA 01-0300 bulletin on how to properly clean float glass.
- > It is important to note that anti-corrosion glass is not self-cleaning, or scratch resistant.
- > Regular cleaning with traditional non-abrasive household cleaners may be used for optimum results such as Clorox®, Greenworks®, Fantastik®, Lysol®, Mr. Clean®, Magic Eraser®, Soft Scrub®, Sprayway®, Ammonia Free Glass Cleaner, Tilex®, Vinegar, or Windex®.
- > DO NOT USE Comet®, Ajax® or other abrasive cleaners.
- > DO NOT USE Brillo® pads, steel wool, or other abrasive pads or brushes.
- > DO NOT USE razor blades, or other sharp tools to clean glass.
- > Always use a soft cloth, paper towel or sponge.

AGC GLASS NORTH AMERICA, A LEADER IN FLAT GLASS

AGC Glass North America is the North American flat glass branch of AGC, the world's leading glassmaker. Its baseline, Beyond Glass, reflects its core assets: as a glass technology driven company, AGC operates on a broader premise that glass is more than just a design element and something to manage light and energy – it's an opportunity.

LUXCLEAR™ *Protect*
ANTI-CORROSION GLASS

LIVE THE CLEAR LIFE.

LUXCLEAR Technology

BETTER CLARITY. LONGER LIFE.

ANTI-CORROSION GLASS

Over time, glass can essentially “age” due to surface corrosion caused by exposure to water, heat and high humidity. The result is glass that appears dull and dirty. The longer the exposure exists—the dirtier the appearance.

LUXCLEAR Protect by AGC is a permanent coated glass product developed to protect the surface of the glass by preventing corrosion due to contaminants related to water, heat and high humidity.

Unlike aftermarket products, the LUXCLEAR Protect coating fuses with the glass and permanently seals the glass surface to prevent the glass from appearing hazy and dull due to exposure.

LUXCLEAR Protect requires no special cleaning solutions or processes. Just clean as you normally would do and it will stay clear and looking new for the life of the product.*

WHAT'S SO SPECIAL ABOUT IT?

	Permanent Coating, Permanent Protection	Liquid Aftermarket Solution (Hand Applied)	Requires Periodic Reapplication or Revitalization	Available Tempered Only	Hydrophobic (water beads)	Self-Cleaning	Cost Indicator
LUXCLEAR™ Protect	X					NO	\$\$\$
Other Shower Protected Glass	X			X		NO	\$\$\$\$
Aftermarket Solutions		X	X		X	NO	\$\$

LUXCLEAR Protect is a competitive technology that eliminates the need to consider “messy” labor-intensive aftermarket solutions that require periodic reapplications and additional expense.

*LUXCLEAR Protect offers a Limited Lifetime Warranty
