

IMAGIN

Patterned glass in an array of **designs** and **textures**

AGC's Imagin® range of clear patterned glass delivers a beautiful textured glass appearance that is ideal for a variety of decorative applications. Distinctive geometric and nature-inspired patterns, with varying degrees of privacy and light diffusion, provide a sophisticated texture for use in interior applications. Each of these glass designs provide the unique ability to separate spaces while sharing light.

Benefits

- **WIDE RANGE OF PATTERNS**
More than 17 geometric and nature-inspired designs, most of which are standard stock and readily available
- **BE INSPIRED**
Contemporary and classic patterns offering varying degrees of privacy and light diffusion
- **EASY TO FABRICATE**
Use monolithically, or as part of an insulating glass unit; fabricate same as regular float glass
- **UNLIMITED DESIGN OPTIONS**
Ideal for glass partitions, shower enclosures, furniture, doors, cabinetry, and so much more

IMAGIN

What's so special about it?

What does this mean for you?

- | | |
|---|--|
| Clear patterned glass for interiors and privacy | – Stylish patterns and textures allow designers to create just the right balance of translucency and privacy |
| Varying levels of obscurity | – Unique ability to separate spaces without restricting light flow |
| Wide range of designs and textures | – A variety of contemporary and classic patterned glass designs that combine form and function |
| | – Excellent glass clarity and quality |
| Easy to process for a variety of applications | – Can be used monolithically, or as part of an insulating glass unit |
| | – Store and handle same as regular float glass |
| | – Ideal for interior and exterior applications |

Bamboo

Crepi (Citrus)

Delta

Delta Sandblasted

Flutes

Gallette (Pixels)

Kathedral Klein (Aqua)

Konfeta (Pebbles)

Rain

Textured Flutex

STANDARD SIZES AND THICKNESSES

Name	Thickness	Size
Bamboo	5 mm	60" x 84"
Crepi (Citrus)	3,4,5 mm	60" x 84"
Delta*	6 mm	60" x 84"
Delta Sandblasted*	4, 6 mm	60" x 84"
Flutes	4 mm	60" x 84"

Name	Thickness	Size
Galette (Pixels)*	4 mm	60" x 72"
Kathedral Klein (Aqua)	5 mm	60" x 84"
Konfeta (Pebbles)*	6 mm	72" x 84"
Rain	3,4,5 mm	60" x 84"
Textured Flutex*	6 mm	72" x 84"

Availability

Contact your AGC representative for available sizes and thicknesses.

Some patterns are also available in low-iron. Look for full range of patterns available on www.yourglass.com or www.us.agc.com

TECHNICAL SPECIFICATIONS

What are your processing options?

			Pay attention to...
Safety	Heat strengthening and tempering	Yes	Like regular float glass
	Laminating (PVB and EVA)	Yes	The surface of most patterned glass designs is not flat enough to support laminating with PVB. Patterned glass may be laminated using resin
Insulating	Heat strengthening and tempering	Yes	May be used as the inboard or outboard lite of an insulating glass unit
Cutting	Straight or circular	Yes	Like regular float glass
Shaping and edge finishing	Edge grinding	Yes	Like regular float glass
	Polishing	Yes	Like regular float glass
	Drilling	Yes	Like regular float glass
	Notches	Yes	Like regular float glass
Special processing	Painting	Yes	Consult with fabricator
	Silvering	Yes	Consult with mirror manufacturer
	Silkscreen printing and enamelling	Yes	Consult with fabricator
	Bending	Yes	Like regular float glass

Learn more about AGC's extensive range of glass on www.us.agc.com, or contact your AGC sales representative for more information regarding available patterns, sizes and thicknesses. Please follow instructions in processing guides.

AGC GLASS NORTH AMERICA, A LEADER IN FLAT GLASS

AGC Glass North America is the North American flat glass branch of AGC, the world's leading glassmaker. Its baseline, Beyond Glass, reflects its core assets: as a glass technology driven company, AGC operates on a broader premise that glass is more than just a design element and something to manage light and energy. It's an opportunity.
