

Classification of AGC Security glass

Product description

Product: **Stratobel Strong**

Code: **44.6**

Thickness (mm): 10

Weight (kg/m²): 22

Standard reference according EN 14449:2015 / Classification

Type: Burglary

Standard: EN 356

Class: **P5A**

Test reference

Laboratory: SSV

Date: 09/2015

Report number: 130187

The indicated performances are representative of glazing tested following the conditions, dimensions and requirements of the standard.

The effective thickness of the glass to use must also fulfill with the effective dimensions, setting system and loads on the glazing.

In case of dissymmetric laminated glass, the glass must be correctly orientated.

The frame must have the same performance as the glass according to EN 1522 / EN 1523 in order to reach a performant final product.
