We, AGC¹

1. warrant that, for a period of 10 (ten) years from the date of original shipment of the glass to AGC customer, the coated glass supplied as single glazing will not significantly suffer, under normal conditions of use, any of the following alterations of the coating:
 - peeling, crackles
 - change of appearance as regard the color.
2. This warranty is valid provided that:
 - the glass has been specified (e.g. the glass thickness), stored, handled and installed in accordance with the standards or code of good practice standards in force on the market of utilization (national regulation), as well as with the instructions given in AGC's documentations
 - the coating has not been damaged during transport, storage, handling, installation or later on, whether intentionally or accidentally
 - the coating has not come into contact with abrasive agents or corrosive chemicals (acids, etc.)
 - AGC's processing, storage, installation and maintenance instructions have been complied with.
3. Should the coated glass have been incorporated or assembled in any other composite product (insulating glazing, laminated, etc.) by a third party, the said third party is responsible for verifying the compatibility of the other materials (sealing glue, etc.) with the coating.
4. This warranty implies and is limited to the commitment by AGC to replace free of charge the defective glazing at the place of initial supply, or at AGC's option, to refund of the purchase price (when it is proved to be defective according to the criteria set forth above). It excludes any cost of removal, refabrication and reinstallation, etc.
5. Replacement glazings will carry the same warranty as the initial shipment (no extension of the original warranty period). This warranty does not cover glass breakage. Any claim made after the expiration date of the warranty shall not be considered.
6. Any wider warranty given by a third party (expressed or implied) shall not imply an extension of the warranty from AGC.
