

**Declaration on the presence in an article of a Substance of Very High Concern (SVHC)
included in the Candidate List for Authorization**

(REACH Regulation (EC) N° 1907/2006, Art. 33)

(CPR (EU) N° 305/2011, Art. 6(5))

Issued on: January 15, 2015

Information on article and manufacturer	
Article	Laminated glass and articles containing laminated glass
Manufacturer	AGC Glass Europe SA/NV
Contact	+32 2 409 30 00 REACHContact@eu.agc.com
Laminated glass is an assembled article made of two or more elements. No SVHC are present in this assembled article above 0,1% w/w, although a SVHC is present in one of the elements above 0,1% w/w (see here under).	
Substances of Very High Concern (SVHC) information	
SVHC name	2-(2H-benzotriazol-2-yl)-4,6-di-tert-pentylphenol (UV-328)
EC Number	247-384-8
CAS Number	25973-55-1
Function of the substance	UV absorber
SVHC property or properties in accordance with REACH Regulation (Regulation (EC) N° 1907/2006)	PBT (persistent, bio-accumulative, and toxic) (Article 57 d) vPvB (very persistent and very bio-accumulative) (Article 57 e)
Date of SVHC inclusion on the Candidate List	December 12, 2014
Index number in Annex VI of the CLP (Regulation (EC) N° 1272/2008)	-
Classification in accordance with CLP (Regulation (EC) N° 1272/2008)	Not classified. Self-classification: - Specific target organ toxicity - Repeated exposure, Category 2 (STOT RE 2) – H373 - Hazardous to the aquatic environment – Chronic hazard, Category 4 (Aquatic Chronic 4) – H413
Hazard Statement Code(s)	H373, H413
Concentration SVHC in article or its part ¹	0,1% – 0,4% w/w in the plastic (Polyvinyl butyral - PVB) interlayer
Amount SVHC in assembled article	<0,1% w/w in the laminated glass
Instructions for safe use	
In laminated glass, the PVB is included between two glass panes and therefore the presence of UV-328 in the PVB interlayer does not represent a risk for the health nor the environment under normal conditions of use.	
Instructions for safe disposal	
Waste from laminated glass should be collected separately and recycled or disposed of professionally in accordance with local legislation.	
Additional information	
N/A	

¹ If the SVHC is only contained in a concentration above 0,1% weight by weight (w/w) in a distinct part of the article, this part should be identified here.
